

# Make It a Union-Made Fourth of July

Photo Credit: Anthony Quintano

The Fourth of July is here and it's time to celebrate America's birthday. Our flag has been waving high since 1776, but do you know what the colors mean? The red represents the blood shed by those who fought for our nation's independence. The white represents purity and innocence and the blue symbolizes the bravery of those who stared danger in the face to fight for freedom. So as you enjoy the holiday with family and friends, Labor 411 has all the holiday food and drink favorites made by companies that treat their workers with dignity and respect. Let's all celebrate goods jobs that help strengthen the middle class as we party our way to a stronger America!
